Gain the knowledge you need to become a certified Cleerline SSF™ Fiber Installer. This course will provide all the training necessary to successfully specify, terminate, and test Cleerline SSF™ fiber.

COURSE CONTENT

Benefits to using fiber for IT/Datacomm and A/V signal distribution applications.

Basic fiber optic elements and key terminology.

Fiber cable constructions and applications.

Fiber connector types and applications.

Cleerline SSF™ fiber termination.

Fiber testing procedure and understanding results.

OUTCOME

All attendees will leave the course with their own **SSF-FKIT02E Fiber Termination Kit** and having taken the **Cleerline SSF™ Installer Certification test**.

REGISTRATION

To register, fill out the **Level 2 Certification Course Registration Form** and email to orders@clrtec.com. The course fee is \$500 per person and may be paid via credit card. The course fee includes:

Level 2 Certification Course

SSF-FKIT02E Basic Fiber Termination Kit (**\$499 Value!**)
